It has built in google maps snapshooting! EG shows Google Earth screenshot. App can upload to flickr, twitpic, email, posterous, etc.
Cross-Curricular	Puppet Pals 	Free	Students can create their own show with animation and audio in real time. Includes ability to record voices, make the actions with the characters they have chosen, record and play back, save their play or performance. Videos can be exported for sharing via email or YouTube.

Subject	App Title	Price	Description
Cross-Curricular	PhotoCard Lite 	Free	Students can use the pictures supplied but they can also upload any photo then write the postcard and email it. They could create a series of postcards to explain a holiday or journey or use it to enhance a journal or other project. Fantastic for geography and literacy.
Cross-Curricular	Doodle Buddy – Paint, Draw, Scribble, Sketch – It's Addictive!  	Free	Painting App that includes finger painting, stamps with funny sounds, backgrounds, text tool, and ability to draw with others via the internet. Students can then use the iPod to draw their answers to questions as they would on a mini-whiteboard, but with less mess and no need for pens.
Cross-Curricular	Flashcards Deluxe Lite 	Free	Easy to use flashcard app. Use to study just about anything you want. Upgrade to full version for \$3.99.
Cross-Curricular	TeachMe: 1 st grade 	\$.99	Teaches 4 age-appropriate subjects to 1 st grade children: sight words, addition, subtraction, and spelling.
Cross-Curricular	TeachMe: Kindergarten 	\$.99	Teaches 4 age-appropriate subjects to Kindergarten children: sight words, addition, subtraction, and spelling.
Cross-Curricular	TeachMe: Toddler 	\$.99	Teaches 6 age-appropriate subjects: letters, abc phonics (letter sounds), numbers, shapes, colors and counting
Cross-Curricular	Idea Sketch 	Free	Easily draw a diagram – mind map, concept map, or flow chart – and convert it to a text outline, and vice versa. Use for brainstorming new ideas, illustrating concepts, making lists and outlines, planning presentations, creating organizational charts, and more.
Cross-Curricular	StoryBuddy 	\$2.99	Amazing way to create and read stories easily. Save your story in iBooks for future readings or email it to someone. Make your own eBooks and save them.

Subject	App Title	Price	Description
Cross-Curricular	Voice Memos 	\$0.99	This app usually comes on your ipod already installed. It is a recording device. It's used widely to help students self-evaluate and improve their reading fluency skills. However, it can be used in many other subject areas as well.
Cross-Curricular	Comic Touch Lite 	Free	Create comic strips by adding photos and captions using speech bubbles, think bubbles, etc.
Cross-Curricular	Merriam-Webster Dictionary 	Free	Use the Merriam-Webster Dictionary on the ipod or ipad.
Cross-Curricular	iMovie 	\$4.99	Make beautiful HD movies with this movie-making app. It's fast and easy. Add videos, photos, music, sound effects, themes, transitions, and titles to give it a Hollywood feel. Then, share it on Facebook, Vimeo, Youtube, or CNN iReport.
Cross-Curricular	i-nigma 	Free	i-nigma turns your camera into a sophisticated barcode reader. For example, students can write book reviews and then place the barcode inside the front cover of a book. Teachers can organize games or quizzes using these QR codes. Use a QR code generator such as http://qrcode.kaywa.com/ to generate a code.
Cross-Curricular	Whiteboard Lite: Collaborative Drawing 	Free	Easy to use collaborate drawing app using Wi-Fi. You can also use these as a white board in the classroom for students to record their answers and display them.
Cross-Curricular	Evernote Peek 	Free	It was designed for use with the new ipad 2 smart cover. If you don't have an ipad 2 smart cover, you can use their swipeable virtual cover instead. Peek under the cover to practice for a quiz, practice a language, or strengthen your memory. Many teachers use it as a flashcard app.
Cross-Curricular	PaperPort Notes 	Free (ipad only)	Digital notetaking tool for the ipad. Combine documents, web content, audio, typed text and handwritten notes into a single document that you can easily organize and share with others.
Cross-Curricular	Songify 	Free	Transforms ordinary speech into songs.

Subject	App Title	Price	Description
Cross-Curricular	Scribble Press  	Free	Book creation platform that allows students (or teachers) to create their own ebooks. Then, download your books to your ibook library.
Cross-Curricular	Popplet Lite  	Free	Capture your ideas and sort them visually in realtime. People use Popplet for brainstorming, mindmapping, diagrams, process charts, journals, notes, lists, mood boards, travel plans, scrapbook, photo albums, portfolios, presentations, school projects, and class notes.
Reading	Bob Books Lite or Bob Books #1 	Free \$1.99 \$3.99	A phonics-based interactive game where children select words, then drag and drop letters into the correct placement to form words as they are sounded out, and then the page is read to them. Children make connections between letters and sounds, sound out simple words, and spell the words they've read.
Reading	Toy Story Read-Along Toy Story 2 Read-Along Toy Story 3 Read-Along  (ipad only)	Free \$3.99 \$8.99	Toy Story Read-Along is a free interactive eBook from Disney. The application can either read the story to you while highlighting the words or you can record your own voice reading the story. Children can record their own voice reading, and either listen back or give it to another pupil who provides peer feedback on it.
Reading	K12 Timed Reading Practice Lite 	Free	Lets readers in K-4 practice fluency as it times how long it takes them to read a passage. In the lite version, there are 25 short stories. You can upgrade to the full version for 250+ stories and add multiple readers.

Handwriting	ABC Cursive Writing Free Lite 	Free	ABC letter writing with trace stroke guide. Includes some spelling functions.
Handwriting	IWriteWords Lite 	Free or \$2.99	Teach children handwriting while playing a fun game. Help Mr. Crab collect the numbers in sequence by dragging him with your finger and drawing the letter at the same time. Upgrade to the full version for \$2.99.
Math	Mia's Playground 	Free	Helps younger children learn about shapes, colors, and memorization. Children are shown an image (e.g. blue car) and have to find another one in amongst others. The other game shows the user an outline of a shape and children have to select pieces to make the shape whole.
Math	fingerCount 	Free or \$.99	The screen is black. You touch the screen. Number 1 is spoken and it appears. You touch the screen again. Number 2 is spoken and it appears. Then 3... then 4... 5... 6... all the way to 100. Each number is in a different color. It's great for learning numbers in sequence, finding numbers on the screen and counting backwards. When you touch a number for the second time, it bursts. If you burst a number that is in the middle of the sequence, the app re-orders all the numbers which follow it so that there are no missing numbers on the screen.

Subject	App Title	Price	Description
Math	Graphing Calculator Pro 	Free until Jan. 5th	Works like a graphing calculator with powerful function plotter and scientific calculator.
